About ITM

ITM is a privately owned biotechnology and radiopharmaceutical group of companies dedicated to the development, production and global supply of targeted diagnostic and therapeutic radiopharmaceuticals and radioisotopes for use in cancer treatment. We are developing a proprietary portfolio and growing pipeline of targeted treatments in various stages of clinical development addressing cancers such as neuroendocrine cancers or bone metastases. Our main objectives are to significantly improve treatment outcomes and quality of life for cancer patients through a new generation of Targeted Radionuclide Therapies in Precision Oncology. The headquarters are located in the heart of the research center of the Technical University of Munich (TUM).

We would like to fill the following permanent vacancy in a hybrid working model in Garching as soon as possible

Head of Market Intelligence (f/m/d)

Your role

- Define and execute the global Market Intelligence strategy aligned

Your profile

- Bachelor's or Master's degree in Business, Economics, or a Natural

with corporate and Radioisotopes business objectives

- Build and scale the Market Intelligence function, establishing team structure, capabilities, governance, and best-in-class processes
- Develop sustainable infrastructure for continuous market monitoring, forecasting, and systematic intelligence dissemination
- Lead in-depth analysis of market trends, customer dynamics, pricing, capacity landscapes, competitive positioning, and regulatory/geopolitical developments
- Create forward-looking market models and scenario analyses to support long-term strategic planning
- Identify growth opportunities, white spaces, and strategic risks within the Radioisotopes market
- Translate insights into actionable recommendations for portfolio strategy, investments, pricing, capacity planning, and geographic expansion
- Deliver executive-level dashboards, strategic reports, and presentations to senior leadership, supporting key business cases and decision-making

Science

- Minimum 5+ years of experience in Market Intelligence, Strategic Analysis, or Business Intelligence within Nuclear Medicine, Radiopharmaceuticals, or the Pharmaceutical industry
- Strong understanding of radioisotope manufacturing technologies, value chain dynamics, competitive landscape, and global market environment
- Experience in building or scaling an intelligence function is highly desirable; consultancy background is a plus
- Proven leadership experience, ideally within matrixed or cross-functional organizations
- Excellent executive-level communication and presentation skills
- Strong stakeholder management, influencing capabilities, and familiarity with advanced analytics and BI tools
- Business fluent in English and German

Our offer

- Exciting challenges in an up-and-coming and fast-growing company with a high degree of creative freedom

- An open working atmosphere in an international corporate culture with short communication channels
- Comprehensive onboarding programme
- Flexible working hours with home office options
- Attractive special payments
- Just a good salary? Not with us! We also offer you
 - Employee participation programme
 - Job bike or subsidised job ticket
 - Above-average contribution to the company pension scheme
 - Individually tailored further training programme (including German and English courses)
 - Health promotion programmes (e.g. EGYM Wellpass, subsidy for local fitness studio, sponsorship of sporting events, various lifestyle coaching sessions)
