

## About ITM

ITM is a privately owned biotechnology and radiopharmaceutical group of companies dedicated to the development, production and global supply of targeted diagnostic and therapeutic radiopharmaceuticals and radioisotopes for use in cancer treatment. We are developing a proprietary portfolio and growing pipeline of targeted treatments in various stages of clinical development addressing cancers such as neuroendocrine cancers or bone metastases. Our main objectives are to significantly improve treatment outcomes and quality of life for cancer patients through a new generation of Targeted Radionuclide Therapies in Precision Oncology. The headquarters are located in the heart of the research center of the Technical University of Munich (TUM).

We would like to fill the following permanent vacancy in a remote working model as soon as possible in Garching

## Director, Global Medical Affairs - Publications (f/m/d)

**Your role**

**Your profile**

- Lead the development, execution, and continuous optimization of the annual publication plan for pipeline and marketed products
- Develop scientific publications, including abstracts, posters, oral presentations, and manuscripts for submission to peer-reviewed journals
- Coordinate and manage internal and external publication review and approval processes
- Collaborate cross-functionally with Clinical Research, Biostatistics, Regulatory Affairs, Dosimetry, and Global Medical Affairs teams
- Ensure scientific accuracy, regulatory compliance, and adherence to FDA regulations, ICH guidelines, and journal requirements
- Oversee disclosure management, conflict of interest documentation, and quality reviews of all publication materials
- Manage journal submission workflows, publication tracking systems, timelines, and coordination with external investigators, agencies, and scientific conferences
- Oversee budgets, timelines, and vendor management while adapting publication strategies based on emerging clinical data, trial milestones, and regulatory updates
- Advanced degree required: MD, PharmD, or PhD in Oncology, Nuclear Medicine, or a related scientific discipline
- 7-10 years of experience leading publications within Medical Affairs, preferably in oncology, radiopharmaceuticals, or specialty therapeutics
- Extensive experience in publication management, medical writing, and clinical trial publications within the biotech or pharmaceutical industry
- In-depth knowledge of GCP, ICH guidelines, medical compliance standards, and scientific dissemination strategies
- Strong project management and organizational skills with the ability to manage multiple concurrent publications, priorities, and deadlines in a dynamic environment
- Proven ability to work effectively in cross-functional and matrixed organizations, collaborating with internal stakeholders, external experts, and key opinion leaders
- Exceptional scientific writing, editing, communication, and presentation skills, as well as strong English language proficiency

**Our offer**

- Exciting challenges in an up-and-coming and fast-growing company with a high degree of creative freedom
- An open working atmosphere in an international corporate culture with short communication channels
- Comprehensive onboarding programme
- Flexible working hours with home office options
- Attractive special payments
- Just a good salary? Not with us! We also offer you
  - Employee participation programme
  - Job bike or subsidised job ticket
  - Above-average contribution to the company pension scheme
  - Individually tailored further training programme (including German and English courses)
  - Health promotion programmes (e.g. EGYM Wellpass, subsidy for local fitness studio, sponsorship of sporting events, various lifestyle coaching sessions)

ITM is an employer that ensures equal opportunities. Qualified applicants are encouraged to apply and will be considered during the selection process regardless of gender, age, national or ethnic origin, religion or belief, disability, sexual orientation, gender identity, or any other characteristic protected under the German General Equal Treatment Act (AGG).

If you are a qualified individual with a disability or are otherwise covered under applicable law and are unable to apply through our online application process, you may request a reasonable accommodation. Please contact [career@itm-radiopharma.com](mailto:career@itm-radiopharma.com).

When you apply, please let us know your earliest possible starting date and your salary expectations. You can submit your CV in German and English in docx or pdf format.
